Park maintenance: Michelle unclogged the sediment pond this morning so the water should no longer be running through the park ditches. Many volunteers helped pick up tree branches after the ice storms we had over the month of December.

Robert expressed interest in getting the cd set up to deposit funds and get the interest working. We decided to wait for Marcy to return to the meetings so we can discuss when and how much and go over the last budget. James then proposed this motion for Marcy to investigate the seasonal expenses, and look into early withdrawal penalties. Marie 2nd the motion.

A ski Mom emailed Livy on possibly adding carpeting to the bridge for the cross country skiers to get across the bridge. We decided it was not necessary.

Livy then read the letter from Brian Bigelow , the town Administrator from Underhill stating his “concerns” about the pot holes at the entrance and exit of the park, as well as the small parking lot for plowing. Livy will attend the next select board meeting and write up a reply.
