Financial Report - There was no financial report at this meeting.

Park Management

Vandalism - there have been recent acts of vandalism. The state police were contacted and have stepped up their patrol. The police suggested putting up kid friendly signs, such as "Smile, You're on Camera". Andy has looked into surveillance cameras with power sources which fortunately aren't expensive. If we go forward with cameras, Andy suggested security in the bridge and gazebo. We will start with just a sign or signs and if necessary, we will go on and add cameras. Carol will go online and check language for signage.

Trail Grant Update - Jim got the signed project review and potential OK to start. He walked the trails with Keegan Tierney who heads to the project for the VYCC. They prefer not to use machinery for the trail work but may have to. They hope to start soon.

Fixing the water pump - Bob is going to get an estimate from 3 companies to fix the pump which would provide fresh water for the VYCC camps when they're here. The board pre-approved an amount no more than \$1500 for pulling the pipe and finding out the problem.

Driveway Improvements - Charlie sent the bill for for the driveway and with the park discount came to \$755.

Reservations - pavilion and gazebo are busy busy. Andy is keeping up with calendar on our website. Sports, all going well.

Farmers Market - is going well. Kelly had suggested bungy cording signs to the telephone pole for really windy days. Special wind signs could be bought if neccessary.
